Producer CASA DE SANTA EUFÉMEA

The Casa de Santa Eufémia winery was founded in 1894 by Bernardo Rodrigues de Carvalho and is located on the left bank of the Douro river at an altitude of 300 meters between Peso da Régua and Pinhão, in the heart of the oldest demarcated wine-producing region in the world: The Douro. This is a region of secrets and unmistakable aromas and the 40 hectares which make up our estate are no exception. Grown on schist terraces, 80% of the grape vines contain red grape varieties such as Tinta Barroca, Touriga Francesa, Tinta Roriz, Touriga Nacional, Tinto Cão and Tinta Amarela, which are harvested mechanically and the remaining 20% are white wine grape varieties such as Malvazia Fina, Malvazia Rei, Moscatel Galego and Cerceal, which are farmed according to traditional methods.
